

LESSON # 7...PRONOUNS IN GENERAL AND ANYTHING ELSE THAT APPLIES

THIS LESSON INCLUDES:

Notes on the Greek Pronoun:

- Personal pronouns
- Relative pronouns
- Demonstrative pronouns
- Interrogative pronouns
- and a bag full of pronoun usages...

This material is given for observation, not memory.
And I have written a lot of the Greek listings...not
very well, but you can probably make them out.

A further note on tools (the interlinear, etc.)

And some more vocabulary!

THE ASSIGNMENT FOR THE NEXT CLASS IS:

- Spend an hour reading Greek on the buddy plan
- Look carefully at the pronoun lists and arrangements
- review and make sure your vocabulary is in good shape

And if anything else shows up in the reading of the lesson,
do that as well!
