

LESSON # 9: FURTHER NOTES ON VERB SYSTEMS, GRAMMATICAL THINGS
FORGOTTEN IN THE EARLIER PART OF THE QUARTER
AND A FINAL NOTE ON TOOLS

THIS LESSON INCLUDES:

- A discussion of some verb systems...just so you will know they are there.
- A pick up on some small grammar notes intended to ease one's pain when following discussions in the Greek text
- Some final notes on tools we have known and used
- and a vague sort of assignment that not even the teacher really understands.

YOUR ASSIGNMENT FOR THE NEXT CLASS IS:

- Spend another hour in reading Greek in the "buddy" system. I know you are weary of it by now but it really does pay dividends...it really does!
- Continue to review the things you must know...the verb inflections, the articles..
- Read carefully the material in this lesson.
- Do the assigned work on page 71 .
- and try to keep a cheerful spirit.."through it all."
