

Notes:

This is a sidewise test...parts of it have been used elsewhere...if you see something familiar, good.

here are three parts: Part I talks about events in the Roman system working with papal leaders. The total value of the part is 2 pts. per question...50 points

Part II is complicated. It consists of ten short sentences calling for rather specific answers. You will like it. Each answer is 5 points....50 points altogether.

- Part III is more complicated. It has six sections. Each speaks for itself.
- A is worth 25 points
- B is worth 16
- C is worth 20
- D. is worth 20
- E is worth 18
- F is worth 30

That's a lot of points!@
So, if there are some things you don't know there are probably a lot you do. Try hard.
