

c. and one of love

d. and one of self control.

3. Discussion: How are these gifts used?

a. prayer and witness

b. godly concern

c. obedience

This is, I know, something of an oversimplification. But don't imagine it is impractical unless there has been a commitment to what God has given in one's pathway. It is our bowing to a spirit of fear, which God has not given, that immobilizes us in so many other areas.

4. Conclusion: Learn to take what God has given and make it live. It is not a fleshly effort but a bowing to the Spirit and a consecration of desire to the Spirit's leading. An enormous part of the things that beset us with difficulty comes from a lacking of using what God has given.
