Our English Bible

- 2. Some more general thoughts on the particulars and problems of the English translations:
  - a. Translation problems:
    - -- The basic texts to be used
    - -- The person of the translator
- --The character of the work: will it be more of a translation, a paraphrase, etc. To what extent will equivalence be understood. If these problems sound much like those we face today, the answer is...they are. You discover after a very short time that there are not many new problems in the whole matter of Bible translation.
  - -- The whims of the community
- -- The predispositions of the group commending or responsible for the work.
  - b. Translation criticisms are in these areas:
    - --poor text
    - --text tampering
    - --prejudicial theological renderings
    - -- imbalance in footnotes, helps.
    - --poor English!
