

-- I actually didn't hit him, but I actually said to him, "That's not your problem." And I didn't say it forcefully enough, because, you see, what he really needed was probably conversion, certainly godliness in the conduct of life. Certainly a knowledge about Russia, and the tribulation and the Rapture would mean nothing to him in his present state. So, prophecy often draws people who are intellectually curious who need other things that they might be aware of. So, I don't say that against them, but I say that that is often the case. So we thought that taking subjects like the ones selected would not be strictly a conference to fatten the intellect. You may wonder why we are -- you know -- skinning the intellect! Not one that's strictly fattening the intellect, but would take up some adjunct things that otherwise you can't take up. So that's how we put together the particular program this year. We are half way through with it now, and before long we will be all the way through. You will remember that Mr. Grauley speaks tonight. Mr. Grauley speaks at 7:30; Mr. McCarty, remember - I don't know if I scheduled \_\_\_\_\_, but if you come here at 6:00 and stay you can't miss it! So, <sup>(laughter)</sup> \_\_\_\_\_ at 7:30 tonight and that section is calculated to run until 9:00. If you are local and have church obligations tonight, then we never urge people to forego the local church for programs at the Seminary. It is just hard to miss them all, but that is from 7 to 9 -- Mr. Grauley. Then tomorrow morning Dr. Cohen will be here. Tomorrow afternoon I will try to complete my remarks as the case may be. Now, the reason for that gap in mine is that yesterday Dr. Newman <sup>could stop</sup> at 3:00 and continue. --- All that time, people don't want me to continue anyway, but <sup>I can't</sup> I don't have that freedom of time, so, when 3:00 o'clock comes today, I will be done. No matter what! Even if I am still <sup>telling</sup> giving you these cheerful words of greetings. I will be done, and you can sit here and argue, harass, and throw stones, if you like, and drink my coffee, but at 3:00 o'clock I will be done! We envisioned the same type of program next year. We envisioned the same type of program next year. Not on the same subject -- the same type of program, and we have prepared a questionnaire for those who attend the institute, that I would like to distribute to you about the time this class ends. When I pronounce the benediction here, I will pass these out. We would like you to feel free -- not compulsory -- we'll let you come back anyway! -- but if you feel free, we would like you to fill out this questionnaire and return it to
