 - 3. Evaluation
- G. The Adaptation of Modern media
- 1. Radio
 - 2. Television
 - 3. Films

VI. SUMMARY TO THIS COURSE

In time I will try to develop it further so that we will have a better view of the third world churches, etc. For the moment we have tried to show the development of churches in this land with the problems, opportunities, etc., and to sketch the particular challenge of purity needed for this age. The material is all somewhat sketchy but it offers a skeleton to put in the closet with the hope that flesh may develop on the bones!
