2. The work on the Mount...

Forty days while the nation waits..forty days of instruction for Moses..and impatience for the children of Israel.

E. Some notes on the law in general:

1. It is a matter of grace in the giving and the application of it.
2. The law becomes more necessary as the nation grows.
3. It is intended to make a difference between the people of God and the nations that do not know Him. In addition it is to make smoother operations among God's people.
4. There are more than 600 laws altogether..both positive and negative. That anyone could keep them all is an obvious impossibility save in the case of Jesus..a divine person who could not sin
5. In the study of the law there is always the question of what applies to us. In general, as far as salvation is concerned, nothing must be legally done to meet
