

### III. CLASS TWO: Continued Work on the Alphabet.

I have stressed the importance of knowing the alphabet..how to say it, read it, write it, etc. and then being able to pronounce and read the Hebrew. We continue this work in this lesson

In this lesson the following items are before us:

- Reciting the Alphabet, putting vowels and consonants together.
- Quickly identifying letters in the text on page 13. Both consonants and vowels.
- Just a few more notes on letters.
- Vocalization in Psalm 95 from page 11
- Review of old vocabulary, assignment of New..

And for class three, our next meeting, your assignment is:

Learn the new vocabulary given in this lesson (on this page, yet)

Carefully read aloud the text on page 14..go over it several times. If it seems awkward to you..just keep at it. None of us are rabbinical in stature but we work for the best mastery possible.

Spend at least 1/2 hour reading the material on page 13...the Hebrew material, that is.

And make sure you have the alphabet letter perfect... we cannot go back to it but it may come on to meet us.

And smile a lot..it really helps.

#### A. New Vocabulary

אֲנִי

"I"

יָם

"sea"

יוֹם

"day"

אַתָּה

"you" (m)

עָשָׂה

"he worked"
