

The Greek church receives as authoritative our canon and the deuterocanonical books as well as 1 Esdras, Psalm 151, the Prayer of Manasseh, and 3 Maccabees. 4 Maccabees is highly regarded but usually given a section of its own.

Russian churches (and kin) contain the Deuterocanonical works as well as 1-2 Esdras, Psalm 151, and 3 Maccabees.

The Canon question is not an easy one. Our preference is to follow what was apparently the canon of the Hebrew community and that used by the Apostles.
