

Old Testament in the New Testament

Notes for our Final Examination:

Well, it is not easy to give an exam in this course but it must be done. I will note the ramifications right here..but not in writing..just orally.

So the exam will include:

--Ten propositions:

Example: "The New Testament writers always give chapter and verse to identify their citations"

Agree _____

Disagree _____

Unsure _____

(Choose one of these as your answer to the proposition)

Explain your answer in brief by specific terms:

--5 questions asking you to tell how a quotation is used:

Example: What is the citation in John 3 based on material in Numbers 21 and what point is it used for instruction in the New Testament?

(Hope I can word them better than that)

--And 5 questions...

about Greek for the Greek exegetes...

and about Hebrew for the Hebrew exegetes...

and from the special Hebrews assignment for the ThM gang....

and for the English Bible people.

The student will only do the section that applies to the students area of study.

--And 2 questions about the course in general for everyone.

REMEMBER THAT ALL course work is due at the final. The test will be given 2½ hours for completion. And it will be next Tuesday..so that is all there is to that.
