C. The Mechanics of the Course

1. Assignments: There are two categories of assignments..the first group constitutes the weekly (?) assignments and the second group the "standing" or quarter assignments. This is essentially a Bible elective and there is no required text but the Bible and the particular parts assigned for special reading and translation. So, following, are the assignments through the quarter and the dates when they are due...these assignments are required of all students in the class.

The dictionaries (encyclopaediae) are in the Library if you do not have them otherwise. The most current edition of ISBE is preferred.
