

Due April 22

Study carefully 1 Chronicles 15, 16; 23-25  
2 Samuel 22

Translate 1 Chronicles 16:1-3...naturally I will want to see it.

Prepare a one page paper on the general subject.."The Place of Thanksgiving in Worship". If you require two pages to express yourself, that will be agreeable with me..but not three.

Due April 29

Translate Psalms 95, 96.  
Study them carefully and be prepared to discuss them in either this class (well, be ready for this class) and the class of May 6.

That's all in this category.

But the second assignment grouping is that of what I call a "quarter assignment" something to be done through the quarter and submitted at the last class..I think that is May 13 but you should check the calendar to be sure...and I will check it as well. This is a series of papers..one per student..no paper should exceed ten pages of text..footnotes, bibliography, etc., are added pages. The paper obviously cannot be exhaustive but should show reasonable research into the subject. The papers are grouped under headings that take up the nature of our study in Old Testament worship.

I am assigning these on the basis of the people who have registered for the course as of February 27. If you drop the course we will just forget it...and if someone adds the course, I will have other materials for their work.

All papers are to be typed (it is always the rule) and double-spaced. Word processors are ok, of course, but your printer needs to be "near letter quality".
