

There has been a lot said on this subject and there are lots of books on it: practical, mystical, critical. I will offer some suggestions for reading and offer a few thoughts of my own. As there are very few objects in the Bible that are manifestly free of symbolism, it would be remarkable if this one was to be thought of without symbolism. But how far to carry it and how to put it altogether is a question of both validity and weight. We will talk about it for a while... and we could use a lot more experience in the general understanding if we could get it!

6. Worship Lesson

7. Later History of the Tabernacle....

So, they are still looking for the ark..and we can trace something of the history of the tabernacle in broad form..on into the monarchial period.

D. The Temple

*1 Chron 28: 11, 19
- 29*

1. David's dream and why it was not fulfilled as he desired it. But note that the plans for the Temple came directly from God as had the plans for the Tabernacle. Very little, if anything, was left up to "chance" or "human invention" for these buildings so important to God.

2. Solomon's work:

- a. Securing an ally
- b. Securing an architect
- c. Arranging supplies —
- d. Ordering a work force —
- e. Seeing it through —
- f. Consecrating the whole. —

*2 Chr 2: 3
2: 14 (a craftsman)*

*1 Chron 6
7*

3. The Plan:

4. Design and Structure

2 Chr 3: 25
