4. Common factors in presentation:

- a. presentation
- b. identification
- c. commitment (destruction)
- d. demonstration (as ordered)
- e. consummation

5. Peculiar or individual characteristics:

- a. selection
- b. appropriation
- c. method
- d. disposal

6. The Sacrifices in brief analysis:

a. The whole burnt offering...Leviticus 1.

The offering is wholly for the Lord..the worshipper "gets nothing" out of it..

It is an offering wholly of love, so to speak, and can be given at any time. It is always "willing"

The victim in the offering is without blemish and is used in accord with the circumstances of the offerer.

Its great fulfillment is in Hebrews 9..the offering of Christ.

b. The meal offering...Leviticus 2

This is an offering of consecration or yieldedness to God.
